

Ceramic Implant Summit

Z7 & ZiNova Global Experience

Buenos Aires, Argentina

October 24 & 25 - 2025

Experience the Future of Implant Dentistry

Join the inaugural edition of this transformative international medical-scientific summit focused on the **evolution of metal-free oral implantology**. This milestone event brings together the world's leading voices in ceramic implantology and biological dentistry, connecting science, innovation, clinical evidence, patient needs, global consciousness, and positive economic impact for the entire sector.

Are you ready to share and learn?

📍 October 24–25, 2025
Buenos Aires

Hotel Madero, Puerto Madero

🌐 Live simultaneous
interpretation

Via streaming and mobile app

👥 **150** oral implantologists
and biological dental professionals

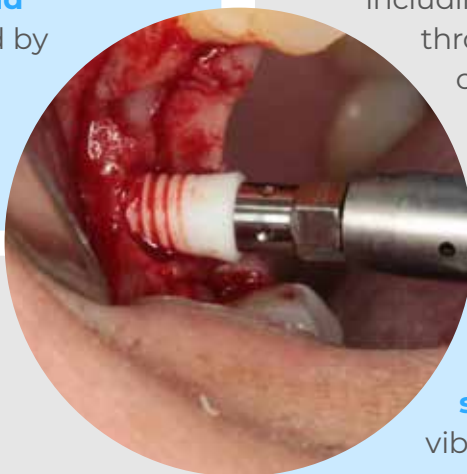

Whether you're curious about evolving trends, or seeking to deepen your impact, **this event will equip you with the knowledge, tools, and connections** to lead the change in your practice and community.

What you'll experience

Two full days of dynamic **plenary sessions, expert panels, and interactive roundtables** led by instructors in ceramic implantology and biological dentistry.

Optional **hands-on surgical workshops** with ceramic implant kits—designed for both clinical training and immediate application.

Engaging **networking opportunities**, including instant connections through tech app, evening cocktails with industry leaders and key stakeholders.

Immersive cultural and social experiences in the vibrant heart of Buenos Aires.

Institutional Support:

Main Speakers

Joan Pi Anfruns

USA/Spain

UCLA Clinical Professor;
Medical Director, ZiNova
Implants

Sammy Noubissi

USA/Cameroon

President, IAOCI; global
ceramic implant leader and
pioneer

Richard Stevenson

USA

Founder, Stevenson Dental
Solutions; restorative dentistry
expert

Dan Hagi

Canada

Pioneer in zirconia systems and
full metal-free protocols

Olivier Chéron

France/Spain

Board Member, EACim, pioneer
in advanced ceramic implant
solutions.

Carlos Belarra

Spain

Z7 España medical-science
advisor. Ceramic-based full arch
prosthetics & protocols.

Saurabh Gupta

India

Director IAOCI, Academic/
Research IISC, CIF Ambassador,
Faculty MAHE University.

Rodrigo Beltrao

Brazil

ABICERAM President. Oral
maxillofacial surgeon. Ceramic
digital implant expert.

Fernando Avellar

Brazil

Renowned in ceramic and biological
implantologist; Nutrition, platelet
aggregates, ozonioterapia. Writer.

Institutional Support:

Daniel Olmedo

Argentina

International researcher;
biomaterial biocompatibility,
bio-tribocorrosion.

Juan Pablo Gramajo

Argentina

International reference in
neurofocal dentistry and
integrative oral medicine.

Enrique Reinprecht

Argentina

President of SADIC; ceramic
implant educator

Gustavo Reales

Argentina

Founder of GR Academy;
regenerative and integrative
techniques

Sandra Renou

Argentina

Researcher. Osseointegration.
In-vivo experimental models.
Biomaterials interfaces.

Deborah Tasat

Argentina

Researcher Toxicology -
Cellular response to dental
materials and metal particles

Adrián Di Sanzo

Argentina

Creator of the regenerative
"Método Di Sanzo". Integrative
medicine leader

Julián Condomí Alcorta

Argentina

Z7 Argentina Medical Director;
advanced ceramic implant
surgery mentor

Miguel Pérez

Argentina

Biological ceramic
implantologist with integrative
focus, PRP, Ozonotherapy

Institutional Support:

Program Summary

Day 1 – Friday, Oct 24

- ▶ Registration & Welcome 08:30–09:00
- ▶ Opening Ceremony & Keynote Panel 09:00–10:00
- ▶ 5 Scientific Panels (Intl. Moderators) 10:00–17:30
Includes coffee breaks & lunch
- ▶ Optional: Welcome Cocktail with Committee & Guests 19:00–22:00

Day 2 – Saturday, Oct 25

- ▶ Final Panels & Closing Session 09:00–12:30
Includes coffee break
- ▶ Networking Lunch 12:30–14:00
- ▶ Clinical Roundtables 14:00–16:00
(Topics & Case Reviews)
Optional: Hands-On Workshop (Z7 & ZiNova Implant Protocol)
- ▶ Optional: VIP Cocktail 19:00–22:30
Sponsors & Press

Scientific & clinical content highlights

Systemic implications of metal implants

Bio-tribocorrosion, particle migration, immune responses, and systemic risks. The role of academic and scientific associations in shaping guidelines and future regulations for patient safety.

Bioceramic revolution

Science & Innovation: Advances in Yttria-stabilized Zirconia. Osseointegration, biofunctionality, and long-term performance. Design: conical vs parallel, bone vs tissue level, one- vs two-piece systems.

Production & surface technologies

Milling vs Ceramic Injection Molding (CIM): benefits, challenges, sustainability. Surface engineering: sandblasting vs impurity-free 3D native surfaces and clinical impact.

Patient-centered diagnostics & advanced surgery

Combining thorough preoperative workups (including vitamins and cone beam scans) with cutting-edge surgical methods, live cases, robotics, and AI.

Prosthetic excellence in metal-free dentistry

Optimized workflows, from single-unit to full-arch, ensuring soft tissue integration and esthetic success.

Patients around the world are increasingly demanding sustainable, biocompatible, metal-free solutions.

This summit offers a **unique opportunity** for clinicians to align with global trends, sharpen their expertise, and **join a movement** that is reshaping the standards of modern implantology.

Let's shape the future of metal-free oral implantology together.

Registration Options

Prices are listed in United States dollars (USD) for reference purposes only. If payment is made by credit or debit card, it will be processed in Argentine pesos (ARS) at the exchange rate in effect at the time of the transaction, according to the platform's conditions.

General Access

\$500 USD + TAX

- ▶ Plenary sessions & roundtables
- ▶ Networking experience via technological app platform
- ▶ Scientific & academic materials
- ▶ Catering (days 1 & 2)
- ▶ Streaming & simultaneous translation (via app)
- ▶ Product discount coupons
- ▶ Certificate of attendance

Workshop Premium Ticket

\$1,500 USD + TAX

- ▶ Includes everything in the General Ticket, plus:
- ▶ 1 hands-on workshop
- ▶ Kit: 10 non-sterile implants, 10 sterile implants (only for training purposes)
- ▶ 3D jaw model
- ▶ 50% off Z7 surgical & prosthetic tools
- ▶ Clinical protocols + informed consent templates
- ▶ Hands-on training certificate
- ▶ Access to networking cocktails (day 1)

Streaming Ticket

\$200 USD + TAX

- ▶ Online Networking experience via technological app platform
- ▶ Plenary sessions & roundtables with simultaneous translation (via app)
- ▶ Product discount coupons
- ▶ Certificate of attendance
